Oh, I regret to tell you that contracting will want you to do IGCE's for your projects (anything over \$25,000). We have a boilerplate Excel spreadsheet if you want to use that to make life easier. Use the tab for contract year 3. If you anticipate adding tasks and money to your TDDs in the future, I recommend doing an IGCE for the whole project – otherwise you will have to update it.

Spreadsheet is attached – remember that contractor rates are CBI.

From your pointy-headed P.O.!

Joyce

Hi Steve and Joyel – Jodi Powell is preparing the PR for \$100,000 for the Upper Animas site work. Once the PR is approved and routed to contracting, Maria can prepare a contract modification to obligate the funding. Then Marilyn and I can enter your TDDs into EAS for Maria's approval.

Thanks!

Joyce
